CELEBRATING YOUR COMMITMENT TO
END LOCAL HUNGER

Welcome to Second Harvest Food Bank's Make Hunger History Awards!

In the Bay Area, we're fortunate to have a robust tech sector and a rebounding economy. But look beyond the rebar of new construction projects and the highways packed with commuters, and you'll see families struggling to make ends meet.

You might see the college student who waters down his soup, hoping to stretch it a bit further. Or the third-grader who can't focus on her homework, because the free school lunch is all she's had to eat today.

Hunger snatches away opportunity. In fact, we know that 47% of our clients choose between food and educational expenses. Hunger piles one more worry on families already stressed about making rent, paying medical bills, or stretching a gas tank to get to work.

That's where you come in. With your support, families have one less tough choice to make. They can breathe easier knowing that they'll have their most foundational need met: Food.

Because you're with us, we can harness our community's innovative spirit to uplift our neighbors in need. Your commitment has enabled us to distribute 31 million pounds of fresh produce last fiscal year. We're equipping our community partners with industrial-grade refrigerators and freezers, so they can distribute more food, safely. As one of the most efficient nonprofit organizations in the nation, we transform a \$1 donation into 2 nutritious meals.

Thank you for serving as Second Harvest's best ambassadors, leaders, and champions. Your passion inspires us, every day. Together, we can make hunger history!
