

**Second Harvest of Silicon Valley (Second Harvest) encourages the active involvement of its directors, officers and employees in the community. In order to deal openly and fairly with actual and potential conflicts of interest that may arise as a consequence of this involvement, Second Harvest adopts the following Conflict of Interest Policy.**

### **Conflict of Interest Policy**

Directors, officers, agents and employees are expected to use good judgment to adhere to high ethical standards, and to conduct their affairs in such a manner as to avoid any actual or potential conflict between the personal interest of a director, officer, agent or employee and those of Second Harvest. A conflict of interest exists when the loyalties or actions of a director, officer, agent or employee are divided between the interests of Second Harvest and the interest of the director, officer, agent or employee. Both the fact and the appearance of a conflict of interest should be avoided. Each employee, officer, agent and Board member has a duty to immediately disclose a possible conflict of interest and shall complete an annual "Conflict of Interest" disclosure statement in order to identify actual or potential conflicts of interest in business dealings with Second Harvest.

With regard to a non-director level employee without substantial influence over Second Harvest, the Chief Executive Officer shall determine whether a conflict of interest exists.

With regard to director level employees or a person with substantial influence over Second Harvest, the Board shall determine if a conflict of interest exists.

The following guidelines shall be followed:

A. No employee, officer, agent or Board member (or member of either's family) may enter into an agreement or contract with Second Harvest without meeting the following conditions:

1. A majority approval of a quorum of the Board of Directors with the Board member, if applicable, abstaining from the vote.
2. Except in the case of an agreement or contract for pro bono services, a minimum of three written bids or proposals giving evidence that Second Harvest will benefit financially, professionally, legally, or programmatically if the employee, officer, agent, Board member, or family member's agreement/contract is utilized.

- B. No employee, officer, agent, Board, or family member may have a vote or influence in altering the basic operations or Mission for which Second Harvest was incorporated to achieve direct or indirect personal gain.
- C. No employee, officer, agent or Board member may participate in the selection, award or administration of a contract supported by a federal award if he or she or any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ them has a financial or other interest in or will receive a tangible personal benefit from a firm considered for the contract.
