

Partner List

SECOND HARVEST
of SILICON VALLEY

Our partners share our belief that hunger is unacceptable. We partner with nonprofit agencies and government entities that serve those among us struggling to make ends meet. These partners provide a range of services to our culturally diverse community and include soup kitchens, pantries, rehabilitation centers, shelters, schools, libraries, senior centers, medical clinics and more.

Unlike most other food banks around the country, we don't charge our partners a fee to receive food from us. While this increases the amount of money we need to raise annually, we see it as another way to support our community. We're all in this together. Many of our partners are small nonprofits with limited budgets and fundraising capabilities. With free food, they can focus their time and resources on their areas of expertise.
